

203 SUD-Z SPRAY WASH

SPECIALTIES FOR MAINTENANCE AND SANITATION SINCE 1947

Foremost 203 SUD-Z SPRAY WASH combines fast detergent action with pleasing lather on vehicle.

Developed for low-cost, high speed, thorough spray washing with the added psychological benefit of rich sudsing for the user's visual satisfaction.

EXTRA CLEANING POWER WITH EXTRA SUDSING

PENETRATES AND FLOATS OFF tenacious soils. High speed penetration, superior detergency and rinsibility make the difference. Ordinary formulations fail to take full advantage of high-force impingement because of slower cleaning reaction.

STREAKLESS—Foremost 203 SUD-Z SPRAY WASH will not damage, de-gloss or streak paint or polish coatings. No attack on decals or painted signs. Quickly "solutionizes" in cold or hot water. Can be used through any type of spray pump. Safe on aluminum. Rinses quickly and "sheet dries" free of water spots.

FAST—For units washed frequently, one spraying followed by rinse keeps vehicles showroom bright. Heavier soil build-ups and locked on road films such as found on over-the-road equipment and infrequently washed cars will require mitting or brushing.

ECONOMICAL—Contains no fillers. Every ounce is active cleaning power.

— NOTE —

Cleaning can be achieved with very little or no suds. But most people are conditioned to equate sudsing with the amount of detergent present in solution, and cleaning power available.

Foremost 203 SUD-Z SPRAY WASH gives the utmost in safe cleaning power and gives the user the suds to "prove" it.

RECOMMENDED FOR:

- Coin-operated Car Washes
- Truck Lines
- Sanitation Equipment
- Service Stations
- Car Washers
- All Fleet Operations

TECHNICAL DATA

FOREMOST 203 SUD-Z SPRAY WASH

Rev. 09-16-97

DESCRIPTION: A granular, soapless, neutral formula designed to produce extra suds plus cleaning power in either hard or soft water. A proper water solution penetrates and floats off tenacious soils and the stable suds flush off readily with fresh water to leave a streakless finish.

APPLICATION: Recommended for use in automatic, semi-automatic and coin-op car wash systems, and for fleet spray washing. It may be used on all types of painted surfaces and will not damage, degloss, or streak sound paint nor harm decals or painted signs.

DIRECTIONS: **COIN-OP OR AUTOMATIC**

1. Predissolve 1½ to 2 lbs. in some water in a bucket or similar container for each 50 gallons of solution to be made in the wash feed tank.
2. Pour this super-concentrate into the wash feed tank and fill with water to the desired level, stirring thoroughly.

FLEET SPRAY WASHING

Use 1 to 2 lbs. per 50 gallons of wash solution.

NOTE: Avoid washing vehicles in direct hot sun.

PRECAUTION: **KEEP OUT OF REACH OF CHILDREN.** May cause irritation to eyes. Avoid contact with eyes. Do not take internally.

FIRST AID: In case of contact immediately flush eyes with plenty of water for at least 15 minutes. If irritation persists obtain medical attention.

Before using this product, read the Material Safety Data Sheet (MSDS) for more detailed information regarding safe handling.

FACTS

1. Granular, easy to dissolve.
2. Safe on aluminum.
3. Harmless to finishes, decals, painted signs.
4. Use with any type of spray equipment.
5. Gives satisfying suds.
6. Fast spray washing.
7. Economical, no fillers.

BENEFITS

1. Provides the psychological benefit of sudsing for visual satisfaction.
2. Rapidly penetrates and floats off most tenacious road films.
3. Quick sheet-rinsing allows fast spotless drying.
4. Allows coin-ops to furnish solution at a 1-2 cents per coin cycle.
5. Misting or rubbing held to an absolute minimum in rare cases of heavy grime or soil build-up.
6. May be used on any vehicle surface including aircraft.
