# TECHNICAL DATA

## FOREMOST 4038-ES GRIT BLITZ

Rev. 3-16-12

- DESCRIPTION:** A highly perfected heavy duty waterless hand cleaner incorporating suspended pumice scrubbers designed for removing tough foreign matter, grease, grime, paint, carbon, non-dye inks, soot, resins, grit and graphite. It actually floats off grease and grime. The dirtiest hands can be cleaned quickly with hand lotion quality protecting the hands, guarding against skin irritation and preventing skin dryness. Restores the hands to clean, normal condition.
- APPLICATION:** Keep conveniently near each employee's work station to eliminate time lost going to distant washrooms. With Foremost 4038-ES Grit Blitz and a clean cloth or paper towel, each employee has his own washroom—can work better and faster with clean hands, protected against dryness, chapping, etc. Also can be placed in washrooms to provide employees with water to liquify and gently remove Grit Blitz when desired.
- DIRECTIONS:** Apply a small quantity to hands and rub briskly. As soon as it liquifies, rapid, non-irritating abrasive cleaning action takes place. Wipe with dry cloth or paper towel or rinse in either warm or cold water. Do not use too much. Too much makes cleaning more difficult.
- NOTE:** When not in use, keep covered. Avoid storage in hot areas.
- PRECAUTIONS:** **KEEP OUT OF REACH OF CHILDREN. CONTAINS REFINED MINERAL OIL.** Keep away from heat and open flame. Harmful if swallowed. Avoid contact with eyes.
- FIRST AID: EYES:** If contact with eyes occurs, flush with plenty of water. **INGESTION:** Do not induce vomiting. See physician immediately.
- Before using this product, read the Material Safety Data Sheet (MSDS) for more detailed information regarding safe handling.
